SATURDAY DAY SALE

Our last Saturday Sale was beyond our most hopeful expectations and convinces us that the Edmonton Public will respond most generously to any legitimate profit sharing sale put before them. Tomorrow we offer just as good bargains and in larger quantities. Where we sold two hundred and eighteen boxes of fruit last Saturday we are prepared to sell and deliver four hundred boxes tomorrow. In the dry goods and ready-to-wear sections we will have entirely different lines but all of merit. Everything will be delivered on Saturday and you will be served with the same business courtesy of the less busy days during the week. These prices are for one day only.

Dry Goods Specials

So many pleased customers visited the dress goods department last Saturday and expressed themselves pleased with the banquet of bargains shown on the dress goods counters; that for another Saturday we are only prepared to insist with good qualities, will rule. A range of serviceable dress cloths such as sateens, poplins, heavy diagonal sunings, fancy worsteds, moirines, etc., in all the wanted shades. As 6 yards is ample for a full skirt and waist this means a very cheap, complete dress; regular up to \$8c per yard.

SATURDAY, 45c
For children's wear we show a full range of shades in mohairs; worth 50c per yard.

SATURDAY, 30c

Tweeds, suitable for ladies' and children's wear; separate skirts, and some suitable for boys' jackets, etc., having that heavy manorial effect wanted in a tweed. As the colder weather is approaching these tweeds are splendid value at regular prices.

SATURDAY ONLY, 1-3 OFF MARKED PRICE
Many good values to be picked from among the remnants.

Watch this space for notice of new Broadcloths, new Dress Corded Velvets and new Satin de Chenes (FIRST FLOOR)

Shoe Value

Men for your money, correct styles, better selection is the motto of The Acme Company. We have made this year every sense the most desirable place for men and women to purchase footwear at greatly reduced prices.

What is a better investment than the following—
Men's brown, russet or black, 36c shoes; beach made, weather-proof, durable and attractive.

For Saturday Only \$4.25

Ladies' fine dingleys \$10.

blucher patent silk.

men's tan, very

dressy shoe, made on the newest last.

Buy direct from the manufacturer; regular \$4.75.

For Saturday Only \$2.75

For Saturday Only \$2.75

(FIRST FLOOR)

\$30.00 Overcoats \$21.00

Men, it is seldom you can find hand-finished clothing in the newest styles and models at reduced prices at the beginning of October; however, we are offering a limited quantity of the choicest goods in our stock for Saturday only.

Men's tweed and Irish frieze overcoats, made with the new, changeable collars, good, heavy wearable linings; regular price, \$30.00.

FOR \$21.00

\$7.50 Trousers \$3.95

50 pairs trousers made by the Art Tailoring Co.; in the newest models and cloth; reg. price, \$7.50.

(FIRST FLOOR) FOR \$3.95

All Our Men's \$1.50 and \$1.75 Shirts On Saturday at Half Price

This is an exceptionally good opportunity to get a new shirt for considerably less than the regular price. All are well finished and detached cuffs, next stripes and combination colors; all sizes and styles for the most discriminating man.

Men's 4-ply linen, stiff fronted shirts for dress wear; open front or back; medium and long bosoms; regular \$1.50.

FOR 75c

4-ply linen shirts with starched fronts; best Canadian makes; regular \$1.75.

FOR 85c

Splendid values in men's negligee shorts; coat style; new fall stock and all high class merchandise; regular \$1.75.

FOR 95c

(FIRST FLOOR)

New Things in Women's Apparel

New fall arrivals in the ready-to-wear section; new styles, new fabrics, are awaiting your approval and selection. Buy the new things as they appear in our show rooms and you'll get the correct things in matters of women's apparel. Exceptionally low prices prevail.

Heavy weight medium weight suits in cheviot, serge, tweeds and hard-finished cloths, in dark and light greys, green, term cotta, black and all newest shades; tailored on best lines; coats ranging in length from 36 to 45 inches. The skirts come in plaited, tunic and the new narrow style with slight hobble. Skirts this season are not confined to any particular style, the time being as popular as ever; sizes 34 to 41; regular \$30.00 and \$35.00.

FOR SATURDAY ONLY, \$17.95

For the Cool Days Now Approaching

KIMONAS in French velveteen, wrapette, full back; some empire, grained at waist with belt to match; in all the newest designs of Parisian, Dresden and Oriental; very pretty and effective; all sizes; regular \$5.00.

FOR SATURDAY ONLY, \$2.50

Very neat short gowns in French velveteen, plain, flannel-like, "wrist" and "candy"; some with high collars and long sleeves; others have the Dutch neck and flowing sleeves; in all pretty shades of blue and pink, cerise, green with dots of different shades; green to match; reg. \$2.00.

FOR SATURDAY ONLY, 95c

(SECOND FLOOR)

Hair Goods Bargains

The savings you are to be made by dealing here were never better exemplified than in this great sale of Hair Goods, etc. Prices have been deeply cut to make it worth your while coming here tomorrow.

New, stylish Hair Barrettes, plain and fancy, all shapes; good values at 35c.

SATURDAY ONLY, 20c
The celebrated invisible fringe Hair Nets, best quality, all colors.

SATURDAY ONLY 5c EACH

(SECOND FLOOR)

**ADVERTISED BY ITS
SATISFIED USERS**

One woman likes Blue Ribbon Tea best. Her friend may not be quite satisfied with the tea she uses. The former tells her how delightful Blue Ribbon is. So its popularity spreads. Try it. If you find it unsatisfactory in any way your grocer will give you back your money.

WITH THE FARMERS

PRODUCT MARKET COMPARISONS

A comparison of the market prices of farmer's produce at the largest markets may be interesting to those who are in doubt whether to sell now or hold a while longer. Poultry, poultry hatching eggs, are imported into portions of Alberta. It is a question whether these imports at Edmonton may indicate what extent these importations may affect the price of farmer's produce.

The following remarks are quoted from an exchange on the butter situation at Vancouver:

"It is reported in print to be showing a firm tone, and eastern creamery is quoted at 27 to 30 cents. It is stated that owing to the high price of eastern butter, and the fact that large shipments are crossing the border from Quebec, it being possible to pack up to 100 lbs. per barrel, it will still make a good profit. Cream is also being exported in large quantities, and it is believed that in the next few months there will result in eastern butter commanding a considerably higher price; if this takes place the effect will be felt in the local market."

Why should butter, bacon, eggs and poultry be sent into the market by the farmer? Is it not true that the farmers here need fear no very low import prices? It is a fact that the farmer in the city who is in business has remarked the other day that the freight rates on the long haul from eastern markets to St. John's, Nova Scotia, have been lowered to the rates in force from Edmonton to the southern towns and cities of the provinces. The cost of shipping, it is thought, should attend to this if true. It is worth investigating.

Bacon.

1. Winnipeg—Porkers are asking for choice creamy fresh chured bristles \$28c per lb., solids 24c, and are paying for choice dairy tub butter 18c to 28c per lb.; hams and joints 24c to 32c per lb.

Meat.

The following consumption quotations will give some idea of the general direction of the market for meat both live and dressed.

Cattle.

Winnipeg—Export steers freight 65¢

EDMONTON—Bill your care to J. Y. Gribble & Co., Ltd., Edmonton.

The Edmonton Produce Co., Ltd., 755 Fourth Street, Edmonton, quote the following market prices for farm eggs produced on October 8th:

White hen—No. 1, 19c per dozen; No. 2, 18c per dozen; No. 3, 19c per dozen.

Butter—No. 1 dairy, 21c per lb.; No. 2, 19c per lb.; Other grades according to 1c per lb.

Potatoes—35¢ to 40¢ per bushel, 100 car lots at Edmonton.

THE WHEAT SITUATION.

The Winning Commercial of a recent issue sums up the past week's wheat market as follows: "Legitimate influence of market movements can encourage the buyer in higher prices. Stocks are ample in all directions, and the market is well supplied, with the show windows, 10c, and minimum in value of grain, 10c. The market is flat, but grain is held in hand and in wheat so small as to be hardly worth the mention. Weekly shipments are increasing, and the market which is clearing from America every week, but we understand that mostly soft winter grades, and practically all grain is held in hand." The grain Coast States. On the surface it would appear that there is now an urgent demand for grain, but the weekly world's shipments would not be taken care of as they have been. The heavy shipments also show the export country consider there is an urgent need for getting rid of the surplus grain. The grain Coast States will undoubtedly become smaller, but in the meantime grain is held in hand in Canada and within Canada or the United States getting rid of any material quantity of grain is difficult. The situation in the Argentine is on later with regard to certainly putting Europe in a very independent position as far as taking grain from North America is concerned.

Foreign crop conditions in the grain-growing countries are not particularly true of the United Kingdom.

Reports from Argentina are of abundant Kingdom—Opinions regarding the latest crop are divided.

Europe—The Argentine is certainly a good market for grain, but grain wheat from twenty acres, averaging forty bushels to the acre.

Germany—Weather is favorable for plowing, although there is much rain.

Russia—Weather is favorable.

Argentina—Wheat is increasing, stocks are large and stocks increasing.

Romania—Seeding is progressing delay being delayed by the cattle disease.

Italy—The revised official report shows a record crop of 1,000,000 bushels, against 890,000 bushels last year.

Spain—The minister of finance predicts a record crop this season.

According to an official report, there is good, and the weather is fair, routine operations are progressing well.

Routine—A pronounced increase in the wheat market is evident.

The latest statistics show the Danube 3,220,000 bushels, while which places the total at \$2,242,000 bushels, and the Black Sea 1,000,000 bushels a year ago. (The Canadian visible supply increased 98,000 bushels in 1910, and decreased 18,000 bushels in 1911.) The European visible supply of wheat of amount to \$11,718,000 bushels, instead of \$11,522,000 bushels a year ago.

According to Bradstreet's the world's stocks show an increase from 1910 to 1911, and the latest figures were 15,365,000 bushels, compared with 11,632,000 bushels for the year before.

The latest statistics show the Canadian visible supply increased 98,000 bushels in 1910, and decreased 18,000 bushels in 1911.

That old established, the church, the school, the park, and sale stable, changed hands today. The new proprietor, N. Goodfellow, is well known in town and shows no difficulty in maintaining the reputation of the big church street.

Though all the world and his wife are living in country towns, the men

are living in stock and stable

thriving outfit, the local legal entity.

Mrs. Thompson's son, R. B. Thompson, son senior, remembered him in

the old days, cut lawns, 3c under

water, 4c, and mowed lawns, 5c under

water, 6c, and charged 5c to 10c for

any other service, such as mowing

though not diverted are very satisfactory.

Mr. and Mrs. Thompson from New

West, Okanagan, are staying in town with

their son, R. B. Thompson. Mr. Thompson, son senior, remembered him in

the old days, cut lawns, 3c under

water, 4c, and mowed lawns, 5c under

water, 6c, and charged 5c to 10c for

any other service, such as mowing

though not diverted are very satisfactory.

Finally dropped 5c. Oats were

fractionally higher, and the market was weaker.

Danube was up 2c. Weather conditions

in Canadian West were better.

EDMONTON WILL SECURE FORT GEORGE BUSINESS

Fort George Pioneer Shows Products of Country and Tells of Its Future—Advertisement Strategic Position and Will Do the Distribution For the Whole of the Western Country.

Vancouver, October 5.—Yesterday there arrived in Vancouver Mr. Charles W. Moore, one of the representatives of the Canadian Pacific, who has come to the country from Fort George to the Westminster fair, 1910, with him the most interesting and complete exhibit of agricultural products ever shown from the Fort George country. Space has been reserved for the Canadian Pacific City fair, and visitors will then have the opportunity of judging for themselves the quality of the products of the Fort George district and also to get from Mr. Moore reliable information thereon.

When it is considered that the exhibit had to be brought over three thousand miles to strike a railroad, its fine condition is remarkable. It is certain that no one who sees it will any longer entertain the mistake of regarding the Fort George country is of little agricultural value. Some of the products would do credit to any market garden districts of the province. Potatoes are shown in all their stages of growth, from the sprout, while the cabbages, turnips, beets, onions and carrots are all of large size. The capital feature of the exhibit includes a small sample of good wheat in the straw, and a larger quantity of oats, which is something in itself, as the last time I saw wheat was about two weeks ago, and was heavy and well filled. To a reporter, Mr. Moore said that oats in the Fort George district are now at rest as heavy as last season. He has seen in some fields the oat straw standing up to the height of a man. The exhibit includes some splendid samples of native grasses, which indicate the great agricultural possibilities of the age, while the specimens of timothy show that the cultivated grasses do even better.

Included in the exhibit are some samples of apples from Soda Creek, near the fort, and the representative of the city of Fort George told the reason that the apple trees have only recently been planted, and, though the district is not yet in a position to supply the market, he said that two years before my fruit can be exhibited, Mr. Moore stated that an expert orchardist has been engaged to plant the big tree supplying houses, went through the district this summer and was satisfied with the results. The Fort George district would produce the very best of apples. "There is no reason why it shouldn't," said Mr. Moore, "for Fort George is only

GOVERNOR HUGHES OF NEW YORK RETIRES

THIS GIVES CONNECTION BETWEEN LINE
of the West and the Nations—Continental—First Wheat
Goes East from Winnipeg Over
6,700 Miles.

Winnipeg, Oct. 6.—The Grand Trunk Pacific has arranged with the Canadian Northern to use five miles of latter's track, being the portion between the two cities, and the railroads and the railway companies will be in full control of the main line of the Grand Trunk to Vancouver as far west as Fort George, as well as the connection with the Canadian Pacific.

It is expected that the "leading Vancouverite" will continue to be the leading headquarters of the west coast country," asked the world.

"Vancouver is going to lose all that," replied Mr. Moore. "We have transportation between the cities, and Fort George is improved and its cost cheapened."

The Edmonton manager said that the new line will be in a position to compete with Edmonton, and the Prince Rupert, Vancouver and British Columbia will be able to ship to Fort George.

Mr. Moore said that the new line will be completed in time to open the Vancouver-Port George line in the fall, when the B.C. & Alasas is built from Lytton, B.C., and four others will leave during the next twenty days. The new line will mean that the Grand Trunk Pacific may operate through trains from Edson, Alberta, about a distance of about one thousand miles.

Four People Are Missing.

Edmonton, Oct. 6.—Four French people are missing, but it is believed that other inhabitants escaped with their lives. The French are interested in the management of the Grand Trunk Pacific will be at Teja Jaune Cache, and as soon as the water level goes down they will be able to get to Fort George, and the supply train will go to them.

Vancouver's interest in the management of the Fraser River," went on Mr. Moore. "Last year the Dominion government had surveyors there and something was discovered there, but nothing has been heard of since."

What would take place if they had remained? "We have had a meeting of an engineer and a fighting police, which will be up to develop the Fort George country," he said.

JOE LALLY, THE FAMOUS LACROSSE EXPERT HERE

Has Movement On Foot To Re-Organize the National Game On a Better Athletes' Basis Will Give Sticks At Cost To Schools

Joe Lally, of Cornwall, the well known lacrosse referee and player, arrived in the city yesterday for the purpose of reviving the national game in Edmonton. He has been trying for some time to locate lacrosse to make it a favorite game with the school boys, and to have junior lacrosse leagues formed in connection with the schools in the city. But because outfit and lacrosse sticks cost money and the average boy is unable to purchase a suitable stick.

With Give Sticks Cheap.

In order that the Edmonton game may be able to indulge in Canada's national game, Mr. Lally at a heavy expense will fund a series of lacrosse school leagues at a very reasonable price. Lally & Company, manufacturers of lacrosse sticks, have decided to place sticks in the hands of leading hardware merchants in the city, from whom they may be obtained by school boys at less than half price.

Mr. Lally has no time to make arrangements with any local hardware merchant, but at the course of a few days he will be here.

Juvencus League.

The idea of forming juvenile lacrosse leagues in the schools has been largely taken up in other cities in the west, and in one case a prominent man in the city has organized sticks at cost which will be given free to the school children. In Winnipeg a similar lacrosse league has been in existence for two years, and young people have displayed rare enthusiasm for the game.

Montreal in Calgary.

In Calgary, from which city Mr. Lally has come, the movement will be from the Montreal Lacrosse Club, Mr. McLeod, and the sporting editor. In the coast cities, Vancouver and New Westminster, while Mr. Lally visited the Minto Cup exhibition between New Westminster and the Maple Leaf, he found that lacrosse is a wide spread and enthusiastic. During last summer Lally & Company sold 1,000 sticks in the city, and in the city of Vancouver alone, which testifies conclusively to the popularity of the game there.

Would Like League Here.

If Mr. Lally's intention, if possible, to make the game popular in public school or juvenile lacrosse leagues in Edmonton for next summer. If this can

be arranged the sticks will be forthcoming at cost price.

Mr. Lally's trip to the West is the result of the recent movement set on foot to revive the national game on an amateur basis. While the Minto Cup was offered recently for the national championship of Canada it was found that there were but few amateur lacrosse teams of any consequence in the Eastern provinces, and that these teams were scattered over the Atlantic and associations scattered all over the country. This question thus arose among the members of the Canadian association along the lines of the A. A. U. of Canada, and separate provincial associations were formed in each of the states, some favoring the National League, others the Canadian. The Athletics appear strong favorites, and the opinions of a number of prominent men in the West are to the same effect.

Mr. Lally had the following to say regarding his Western visit:

"The reason we are West is to get to develop amateur players, and in-time we will have the national game on its feet. The local combination playing baseball and lacrosse is not good, but the amateur lacrosse championship of the world, it is not a small matter at all. There are only two leagues of such a nature in the world, and the British Columbia Lacrosse Association and the Alberta Lacrosse Association."

Mr. Lally's talk yesterday,

"I am glad to have the opportunity to speak with you, and I hope

you are an amateur, and although it may take one or two years before the combination playing baseball and lacrosse becomes a reality, it will eventually come, and when it does the players will be better equipped to play.

It is the desire of the men to make arrangements with any local hardware merchant, but at the course of a few days he will be here.

NATIONAL AGAIN BEATEN.

Vancouver, B.C., Oct. 6.—By the same score seven to four, by which Vancouver defeated the Nationals on Tuesday, the British Columbia team beat the easterners again today. This is their fifth defeat in five games, three with the British Columbia team, and two with the east.

The last game before the Nationals go east will be played on Saturday at New Westminster, with the exhibition match with the champions.

Today's game was fairly fast and decisive, and looked like a winner.

It looked something like even contact up to the close of the third quarter, when the score was locked even, clear, fair to fair.

Then followed the tactics of the British Columbia team, who played in a spectacular fashion while they kept the Frenchmen from getting another goal. The score was quarters: Vancouver 1, 3, 6, 3; total 7; Nationals 2, 1, 6, total 4.

CHICAGO'S HARD LUCK.

Cincinnati, Oct. 6.—Second Baseman Johnny Evers of the Cubs, framed in the picture, was the star of the game, and played a brilliant game.

Today's game was fairly fast and decisive, and looked like a winner.

The party, going to be a "big night."

The next business meeting of the society will be held on Friday, October 13th, at the Caledonian Club.

ENGLISH LANDOWNER HERE.

Sir Edward and Lady Stamford have arrived in the city yesterday and are staying at the Hotel Alberta. Sir Edward is an English landowner, a member of the well known firm of British bankers, is visiting Canada on behalf of his son, though it is keeping his eyes open for suitable investments in land. As yet he has not been able to find anything, but I am sure he will, as he is in Canada.

You have a marvellous country here and I hope you will be happy here for you. In no other country which I have visited have I seen the same opportunities for investment as you have in Canada.

No, I am afraid, as is to be found in the Canadian west. Everybody seems to be here, and there is no room for the leisure class in Canada."

"The Canadian Pacific railway," continues Sir Edward, "is a great company and in my opinion is second to none in the world."

He is a man of great energy and takes an active interest in British politics. He is personally acquainted with Denman, and is a strong advocate of the Union, and at the recent British elections he was for Mr. MacLennan's most ardent supporters. He is strongly and definitely opposed to free trade and it is his opinion Great Britain is advancing commercially in spite of free trade rather than because of free trade.

PERSONAL.

Mrs. Estance Corp., 15 Fourth street, will receive this month.

Mrs. Jackson, 554 Clara street, will receive this month, and on the first and second Mondays of each month.

Mr. and Mrs. E. S. Mathers and family, 1002 102nd Street, will be here this morning, where they expect to remain for some time.

Mrs. H. L. Wells arrived in the city yesterday, having arrived in the city last night and will spend some time visiting his daughter, Mrs. R. J. O'Brien of Carle Place, N.Y.

Mrs. H. L. Wells arrived in the city from the south Wednesday afternoon, having arrived in the city last night and will be the guest of Mrs. J. T. Tye of the west end.

Tony Belch, a Hindoo boy,

will be here Saturday morning and will spend some time visiting his daughter, Mrs. R. J. O'Brien of Carle Place, N.Y.
